EXPENSES AT COUNTY HOME

Cost of Maintaining Adams County Home and how the Money was Expended. Food, Clothing and Other Items of Expense.

County Auditors Luther B. Slaybaugh, George B. Aughinbaugh and Robert B. Diehl, have completed their yearly task of going over the accounts of William F. Weaver, treasurer for the Directors of the Poor, and the annual statement shows many items of interest to the taxpayer and to the citizens in general.

In the conduct of the County Home last year groceries cost \$1687.29, while \$648.06 was expended for beef and pork. Coal and wood cost \$1659.96 and an item is noted of \$259.73 for tobacco. Hardware and paints entailed an expenditure of \$243.95 and feed, seeds and grinding come in for an item of \$458.67. Bread, cakes and rolls cost \$918.50; green groceries and potatoes \$254.79.

The drugs required at the Home during the year cost \$275.03, while syrup to the amount of \$140.48 was bought. Clothing made up a considerable item of \$116.44 and this does not include an additional expenditure of \$106.65 for shoes, hats and gloves. Shaving and hair cutting come in for an outlay of \$50 while nine coffins cost just \$67.

During the year \$532.93 was spent for light and repairs; \$439.96 for dry goods and carpet. Soap, lye and blue cost the county \$128.15 and fertilizers \$300. For cider, apples and vinegar the directors expended \$81.90.

The largest single item is the salaries of employees which reached a total of \$3349.50 and the next largest is for the purchase of cattle and hogs, \$1810.98.

The statistics show the following number of inmates at the Home on January first: in the insane building 22 males and 29 females; in the old men's building 25 and in the old women's building 31.

Lodging was furnished 1765 tramps during the year while 3544 meals were provided for the same class of individuals.

LYNX AND WOLF

Unusual Animals in Franklin County Killed by Trapper.

Two wild animals almost unknown to exist in this section were killed in Bear Valley, Franklin Co., by the well-known trapper, Philip Wright, of Horse Valley. For the past fifteen years Mr. Wright has followed this occupation but his experience last week was a new one for him as well as the kind of animals he had to deal with.

One was lynx that was two feet high and about four feet in length. The cat's cry was heard for nearly three miles and sounded like a great whistle. The animal put up a fierce fight before it was killed. The other was a wolf, as large as a good sized dog. There were two wolves but the second escaped. It is the supposition of Mr. Wright that the wolves came into the valley by following deer, there being quite a number of these animals in Bear and Horse valleys.

IRON SPRINGS

COLLEGE NEARS ITS BIG GOAL

Within Twenty Five Thousand of Reaching Desired Endowment Fund. Sure of Completing Canvass in the Required Period.

Through the vigorous efforts of President Granville and his assistants the campaign for raising the \$230,000 fund for Gettysburg College has progressed so rapidly that less than \$25,000 yet remains to be secured before the time limit, July 10th, 1913.

The amount must all be in before that date in order to secure the \$50,000 promised through John D. Rockefeller, which is given on condition that the college raise \$150,000, and in addition cancel their debt of \$30,000. The work has been proceeding most satisfactorily and no doubt whatever is entertained that the desired sum will be secured.

Dr. Granville has been assisted by Prof. Charles H. Huber, who is devoting his entire time to the work; and by Rev. S. F. Snyder, assistant to the president, who is giving practically all his time to the campaign. Prof. C. F. Sanders and Prof. A. R. Wentz have also rendered valuable service and the carefully planned campaign is bringing about the desired result.

In their canvass for funds the men representing the college have been gratified not only with the liberal response in money but also with the prospect they have found for students enrolling next year. Even at this early date indications are for a record-breaking Freshman class and the era of prosperity which the college is now enjoying promises to continue right along.

The fact that the end of the campaign for the endowment fund is now in sight is specially gratifying in view of the fact that Franklin and Marshall College at Lancaster recently had to ask an extension of time from the Rockefeller Foundation to collect their share of the endowment for that institution. No such extension will have to be asked by the administration of Gettysburg College.

WOULD SEPARATE ADAMS & FULTON

Adams County will no Longer be Part of Two County Judicial District if Bill Passes. Legislation of Local Interest.

Adams County will stand alone as a judicial district by the provisions of a bill introduced in the House of Representatives by Mr. Ambler, Montgomery, who stated that it was by request. There are now fifty-six judicial districts and the bill would make sixty-seven. Fulton would cease to be a part of this judicial district and would have a judge of its own.

The bill provides that every county in the state shall compose a separate judicial district.

New judicial districts created out of counties now comprising joint judicial districts are Union, 17th; Mifflin, 20th; Elk, 26th; Columbia, 27th; Warren, 37th; Perry, 41st; Monroe, 43rd; Wyoming, 44th; Adams 51st; Snyder, 57th; Huntingdon, 58th; Bedford, 59th; Cameron, 60th; Clinton, 61st; Montour, 62nd; Forest, 63rd; Juniata, 64th; Pike, 65th; Sullivan, 66th; and Fulton, 67th, each of the new districts having one judge each. The judges are to be elected in November and the judges now in commission will serve out their terms.

Associate judges now in office are to remain in commission until the end of their terms.

Adams County organizations and individuals who have been following the proposed road loan are interested in the announcement that the Senate on Tuesday passed finally the joint resolution proposing an amendment to the Constitution permitting the State to issue bonds to the amount of \$50,000,000 for highway improvements. The resolution passed the Legislature, and if the House passes it this session the resolution will go to a vote of the people.

Several Adams County organizations have debated the advisability of this measure, some favoring and others opposing it.

WALKED TO WASHINGTON

Goes Afoot From Pen-Mar to Washington and Arrives in Time.

George Myers, Pen-Mar, who conducts the Pen-Mar store during the summer, and who is the owner of three bungalows at the summer resort, did not take advantage of railroad facilities to get to Washington in time for the inauguration. Instead he walked the entire distance from Pen-Mar to that place and saw the parade by the suffragettes, and later the inauguration exercises that made Woodrow Wilson the twenty-eighth president of the United States.

Mr. Myers left Pen-Mar, Friday morning. He struck a straight course as his route lay to the capital city, going across the mountain and directly through the valley on the other side. He reached Baltimore on Sunday and spent the night there and the next morning, bright and early, it was "On to Washington" with him, and he reached there in time to witness the parade of those who are fighting the cause of "Votes for Women."

MAY GET MORE PAY

Rural Mail Carriers May Get Another Increase in Pay.

Postmaster General Hitchcock in his annual report adopted the recommendation of Assistant Postmaster General DeGraw, which was submitted to him in December last, that the aggregate salaries be increased from \$1,100 to \$1,200 per annum. If adopted by Congress this increase will raise carriers on standard routes to \$1,200 a year and increase pro rata the pay of all carriers serving on routes of less than 24 miles. Many Adams County carriers would receive this increase if the new administration should decide to put this recommendation into effect.

WILSON WARNS SISTER REPUBLICS

Counsels Order in Central and South America.

NO SYMPATHY WITH REBELS

Administration's Object Will Be to Cultivate Amicable Relations With Nations to South.

Washington, March 12. — President Wilson gave the first indication of what are to be the foreign policies of his administration. He issued a statement dealing with the relations between the United States and the countries of Latin America.
The statement is practically a reaffirmation of the Taft policies and serves notice upon the turbulent elements of Latin America that the United States will insist upon law, order and constitutional government in the southern republics.
The Wilson statement is a direct thrust at Castro, Zelaya and others understood to be plotting the destruction of existing governments in certain Latin American countries. It is a severe blow to the plans of those professional revolutionists who had convinced themselves that under a Democratic administration at Washington license would be permitted in Central America.
The president undoubtedly issued his statement chiefly for the purpose of disabusing the agitators of Latin America of any notion that the Taft policies for the upholding of good government in those countries would be repudiated.
But the statement has another important significance. It is construed as notice to the Huerta government in Mexico City that the United States will not recognize it until it has itself received the indorsement of the majority of the people in Mexico in a regular election.
There is found in the statement also assurances to the business interests in the United States who have participated in business relations with the countries of Latin America that they will not be disregarded by the present administration.
Mr. Wilson asserts that one of the aims of his administration will be to promote trade relations between the United States and the countries of Central and South America. While promising that such interest in trade relationships shall not interfere with the rights and liberties of the Latin American countries, the belief in Washington is that the practical application of the Wilson policy will result in the same support to legitimate commercial enterprise as they have enjoyed under Republican administrations in the last sixteen years.
This support to legitimate business enterprises in foreign lands and the promotion of trade relationships is nothing more nor less than the "dollar diplomacy" which many Democrats, including officers of the present administration and Democratic members of congress, have repeatedly asserted would not be a part of the new regime.

NO YACHT FOR WILSON

The President Also Insists on Buying His Own Theater Tickets.

Washington, March 12.—More Wilson simplicity—the president pays his way to the theaters and he will not keep the Mayflower as a yacht for himself and his family.
The President and Mrs. Wilson decided that they would like to see a play, so he paid \$35 for two boxes which afforded seats for himself and his guests.
The president has expressed his intention of not keeping for his private use the Mayflower, so long assigned to service as a presidential yacht. The president will use any ship of the navy when necessary for official occasions, but will not keep at his back and call for pleasure trips and entertaining purposes the Mayflower or any other craft of her type.
Eckha Wireless Records.
Gibraltar, March 12.—The United States scout cruiser Salem, on her trip across the Atlantic to this port, set several new world's records for wireless communication by daylight. She was able to send complete day messages to Arlington, Va., from distances up to 1300 miles and to receive from distances above 2400 miles. Night transmission distances were considerably greater.

Discharged by Son, Kills Himself.

Weissport, Pa., March 12.—George A. Stein, father of Landlord Charles E. Stein, committed suicide by shooting himself through the head when told by his son that he had gotten an other man as bartender, as the father was getting too old for that kind of work. The father, who was sixty-three years old, took this as a discharge and then took his life.

The Pope Grows Better.

Rome, March 12.—The condition of the pope continues to improve. The patient still feels some weakness from his continued coughing, but the physicians consider that his progress is satisfactory. Officials at the Vatican have received telegrams and letters of inquiry from nearly every country in the world.

Cudahy Wins \$1,500,000.

Chicago, March 12.—"Jack" Cudahy, son of the late Michael Cudahy, was practically disinherited by the packer, has won a settlement of his claims from other members of the family. By the terms of the compromise \$1,500,000 has been turned into a trust fund for him, his wife and two children.

Mad Dog's Victim Dying Tied to Bed.

Fredericksburg, Va., March 12.—Lee Shepherd, a railroad employe, lies strapped to a bed in a local hospital suffering from what is believed to be a hopeless case of hydrophobia, the result of being bitten by a mad dog several weeks ago. Although rational, the patient asked that he be strapped in bed to prevent his harming anyone when the paroxysms set in.

FOR ELECTION ON CONSTITUTION

House Passes Bill Submitting Question to People.

FOLLOWS A WARM DEBATE

Bill Introduced in Senate For Vice Commission—Senate Passes Resolution Providing \$50,000,000 For State Roads.

Harrisburg, Pa., March 12. — The bills providing for submission to the voters at the November election of the question of a constitutional convention, and providing for the election of delegates at the same time, were passed in the house after an hour's debate.
The chief objection to the measure submitting the question was that it combined the question of a convention and election of delegates. Efforts were made to send the bill to the appropriation and constitutional reform committee but were defeated.
Shuck, Westmoreland, Watson, Indiana; Flynn, Elk; Baldwin, Delaware; and Rockwell, Tioga, spoke against the bill, and John R. K. Scott and Roney, Philadelphia, and Humes, Crawford, advocated it. The vote was 122 to 71.
No objections were voiced against the bill regulating the conduct of the election, but thirty votes were cast against it and 144 in favor of it.
Representative Baldwin, Delaware, made the motion to send the bill to the reform committee, stating that he believed it should be more carefully prepared. He questioned a provision carrying an appropriation of \$150,000 to pay 165 delegates \$1500 each.
"If the constitutional convention plan is defeated at the polls and these delegates elected," he said, "the question would arise as to whether the same treasurer should pay them."
Representative Allen, Pittsburgh, ridiculed this suggestion by Mr. Baldwin. He said that if the voters did not favor a constitutional convention the delegates could not serve and draw pay.
Senator Clark, of Erie, introduced in the senate a bill providing for the creation of a state department for the suppression of vice, to be conducted by a "vice commissioner," to be appointed by the governor for four years.
The commissioner, under the provisions of the bill, must be a physician of at least ten years' experience and a graduate of a legally constituted medical college. The bill further provides for an advisory board of three members to assist the vice commissioner, without salary. The salary of the commissioner would be \$8000 a year.
It would be the duty of the vice commissioner to enforce the laws directed toward the suppression of vice. The commissioner might from time to time employ competent persons to disseminate information through lectures or in any other manner deemed advisable.
The senate passed finally the joint resolution proposing an amendment to the constitution permitting the state to issue bonds to the amount of \$50,000,000 for highway improvements. The resolution passed the last legislative session.
The Walnut bill establishing a municipal court of nine judges in Philadelphia, with salaries of \$5000 each, the presiding judge to be paid \$6500, passed finally in the house by a vote of 131 to 49.
The sale of the eastern penitentiary in Philadelphia and the consolidation of that institution and the western penitentiary into a state penitentiary, to be centrally located, is called for in a bill by Representative Wiltbank, of Philadelphia. A site in Center county for the purpose has been obtained.

MARSHALL AND THE CABINET

Indications That Vice President Will Not Attend Meetings.

Washington, March 12.—Vice President Marshall probably will not be asked to sit in at cabinet meetings, it was said by persons close to the president.
No definite announcement on the subject has come from Mr. Wilson, but persons who have kept closely in touch with him for the past week predict that the vice president will not become a habitual attendant of the meetings of the president's official family.

BEST \$5 HE EVER SPENT

Bristol Pa., Man Says So in This Letter.

Months of suffering and anxiety over his condition caused Mr. A. L. Kennedy, of Bristol, Pa., to write this letter. He says: "Grippe and a bad cough caused me much suffering and worry for five long months, but that is all over now for I have taken Vinol and am perfectly well. I took five bottles and it was the best five dollars I ever spent."

In health one cannot realize how depressed a person may become after trying one remedy after another for such a condition as Mr. Kennedy was in, without benefit, or what a relief it is to find help and be restored to health and strength.

It is the combined action of the medicinal curative element of cod livers without the greasy oil, aided by the blood-making and strength-giving properties of tonic iron, that makes Vinol so efficient in overcoming chronic coughs, colds and bronchitis at the same time building up the weakened run-down system.

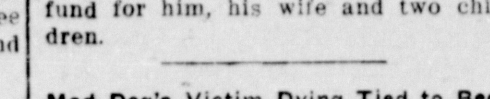

We guarantee Vinol to give perfect satisfaction. The People's Drug Store, Gettysburg, Pa.

\$20,000,000 BUSINESS FOR CARNEGIE CO.

Official Says Present Volume Breaks Records.

Pittsburgh, Pa., March 12.—In an interview Colonel H. P. Bope, vice president and general manager of sales for the Carnegie Steel company, declared that the present volume of business eclipses all past performances in the steel and iron manufacturing.

Reading from "prospect" sheets Colonel Bope said that there are 600,000 tons in plates and shapes involved in pending inquiries.

"This is exclusive of proposed structural undertakings for which no bill have been asked," said Colonel Bope. "There are orders pending for 150,000 tons of steel cars to be made in the Pittsburgh district. This includes an inquiry for 5000 from the Baltimore & Ohio. Since Jan. 1 there have been 60,000 steel cars ordered. The volume of business in manufacturing is amazing."

The figures on steel cars given by Colonel Bope do not include 16,000 cars ordered for the Harriman lines late in 1912. Approximately \$20,000,000 is involved in the inquiries for structural plates and shapes figured in Colonel Bope's "prospect" sheets.

LOSES HER FOSTER FATHER

Man Who Adopted Titanic Wail Is Killed.

Seranton, Pa., March 12.—Twelve-year-old Viola Wells, whose parents were lost in the Titanic disaster, lost her foster father when John Rudy, boss spinner at the Lackawanna Knitting mills here, was crushed to death in the machinery.

Rudy was repairing a rod on a "spinning mule" when an employee

threw a belt and started the machine. His clothing caught on the belt and his body was drawn up into the machinery, which had crushed his skull and shoulders before it was stopped.

The Wells child was taken from a New York orphanage in September last. He had adopted her as a real heir.

ABOLISHES STATE MILITIA

Arkansas Legislature Fails to Provide For Citizen Soldiers.

Little Rock, Ark., March 12.—The Arkansas legislature has decided to dispense with the state national guard.

A bill providing for the body failed after opponents had recounted the "shooting up" of a colored poolroom at Fordyce last August, when several companies of the guard were in that town. Published statements of alleged drinking and gambling in camp were also read.

THREATENS MARITAL LAW

Arrest of Governor Blease's Chauffeur Causes Row With Police.

Columbia, S. C., March 12.—Clashes between Chief of Police Catheart and Governor Cole L. Blease growing out of the arrest of the governor's colored chauffeur for violating the city speed law, have resulted in the governor declaring that he will take over the police department and place the city under martial law if the "persecution" is not stopped.

The chauffeur was tried and fined for the second time within the past four days. On both occasions he pleaded that he was taking the governor of the state for a ride.

In the first case the fine of \$3.75 was not paid and the governor promptly issued a pardon for his chauffeur. This was ignored by Chief Catheart, pending legal advice regarding the state executive's authority in municipal cases.

CHORUS GIRLS ON VICE PROBE LIST

To Also Investigate Wages of Waitresses and Stenographers.

Chicago, March 12.—Investigators of the state vice commission started work in a new field of inquiry.

Data is being obtained on the life led by chorus girls and their environment. The wages and mode of living of waitresses and also of stenographers are also being investigated.

Another subject which will receive the attention of the special investigators is the report that since the segregated vice district in Chicago was broken up the habitués have moved into the residential sections and opened disorderly houses.

Cabaret shows and popular songs whose words are suggestive and which are said to exert bad influences upon the morals of the public, are also included in the new field of inquiry.

A number of complaints alleging extreme immorality against some of the costumes worn on the stage have reached the commission recently. The commission will seek a method of censorship.

The senate committee will go to New York city next week to consult with John D. Rockefeller, Jr., regarding the suppression of the white slave industry.

Iowa Governor Asks Inquiry.

Des Moines, Ia., March 12.—Governor George W. Clarke sent a special message to the state legislature asking that body to become actively interested in an investigation of the white slave situation in Iowa. The message suggests also that a commission be named by the governor to serve for two years.

New York to Cooperate on Vice.

Albany, N. Y., March 12.—New York state will co-operate with the Illinois authorities in their efforts to stamp out the "white slave" traffic. Governor Sulzer has so advised Lieutenant Governor Barratt O'Hara, of Illinois.

Ball Player Admits White Slavery.

Grand Rapids, Mich., March 12.—Dannie Claire, infielder for the Sioux City team of the Western Base Ball league, pleaded guilty to a charge of violating the Mann act. He was accused of bringing a woman from Pueblo, Colo., to his home town, Ludlow, Mich.

KILLED ON REFUSING TO WED

Shamokin, Pa., March 12.—Sophia Horvath, nineteen years old, was shot and killed by John Sabo, it is alleged, at Kulpmont, near here.

EAST BERLIN TROLLEY
Public Meeting at East Berlin. Two
Routes to be Surveyed.
Great interest in the trolley project
was manifested at the public meeting
held in the Evangelical church at East
Berlin, Saturday evening. The place
was crowded to overflowing and sev-
eral important communities through
which the line is expected to pass sent
representatives to assure the meeting
of their interest in it. Offers of sub-
stantial aid were made freely and the
present outlook is for the building of
the line which will connect that
place and intervening sections with
the city of York. There will be little
trouble in getting rights of way for
either of the tentative routes.
Monday morning a corps of engineers
under William Russell Smith, of
York, began the preliminary surveys,
and when this is done there will be a
tangible basis to figure from.
P. C. Smith, presided over the meet-
ing. Aaron Jacobs, of Altoona, made
an address on behalf of the people of
East Berlin. Others to speak were:
Messrs Swartz, Taxville; Hershey,
of the Hershey Baking company,
York; Bartels and Naylor, Weigles-
town, and Kunkle, of Admire.

Two surveys will be made. One
will take in Weiglestown, Admire and
Bangmansville; the other will tap
Taxville, Admire, Bangmansville
and Big Mount.

The "Winningham" Suit - - - \$25.00
A beauty----and a bargain

This suit is, like many other Wooltex suits in
our ready-to-wear department, as remarkable for
the value given at its price as it is for its style
and "snap."

It has a simple but clever modification of the
popular cut-a-way jacket, the rigid severity of the
tailoring being relieved by a deft touch at the
cuffs and by small self-colored buttons, effectively
placed.

The skirt buttons at side-front in order to give
a smooth and unbroken panel at the back, while the
button relief on the jacket is skillfully continued on
the otherwise plain skirt.

This suit will give long wear and equally long
satisfaction.

As you see it in the picture,
so it will look on you when
you buy it, and as it looks
when you buy it so it will
look as long as it can be worn.

For its beauty is not merely on the surface—
it is Wooltex beauty, built from the foundation up.

To be had in a variety of staple and novelty
cloths, in most of which the price is \$25.00.

See it today.
